END FOR BEE LICK PIKE

Enthusiastic Road Meeting Held at Crab Orchard Monday and People Rally to Cause.

The most enthusiastic good roads crowd that has gathered in this section in years was that at Crab Orchard Monday afternoon. The object of the meeting, which had been called on short notice, was to discuss the building of a pike from Crab Orchard to the Pulaski county line, just south of Bee Lick, the Pulaski fiscal court having designated that as the official route in connecting the counties. East End people generally, and those living on the mud road between Bee Lick and Crab Orchard particularly, composed the assemblage, which held its meeting in the "court-house."

Capt. J. B. Willis was made chairman and J. R. Edmonson and W. B. Hansford, secretaries.

George B. Brown, of Pulaski, was the first speaker and he told of the many advantages that would be derived from piking the road which led through a splendid section of the country, which now had practically no outlet.

He was followed by another Pulaskian, R. W. Reynolds, who stated, that he was old and crippled, but that he proposed to donate to the splendid cause of building the pike and "lifting the mud people out of the mud and mire."

Attorney W. B. Hansford was the next speaker. He dwelt at length on the possibilities of the East End if the road were built, and insisted that what helped the East End would help the county. He thought the East End had not gotten her share of the good things handed out by the fiscal court and stated that while his section of Lincoln county, he aided in the building up of the rest of the county, very little had been done for the East End.

W. E. Perkins, who is the most enthusiastic man in the county on the proposition of building the pike at Bee Lick, gave many reasons why the citizens along the line should donate freely toward the building of the pike. He began his business career at Bee Lick and there for twelve years lived among the splendid people who today, for at least six months of the year have no way of getting to church, school or railroad station save through mud. Like Mr. Hansford, Mr. Perkins insisted that Crab Orchard, the fiscal court and had not been dealt fairly with and that the time had now come when she should make her demands and stand for them.

K. S. Alcorn, of Stanford, made a telling talk and was liberally applauded. He admitted that he owned land along the proposed route, but insisted that if he did not he would be just as strong for the proposition to build the pike. He told of the magnificent area that would be opened and the many advantages that would result. Magistrate Petrey said that he was for the proposed road, but that his colleagues of the fiscal court "downed him as they had done on almost every other proposition that was of vital interest to the East End. That he had not been notified of the meeting that was held here last Monday, Feb. 22, and was informed of it by Pulaski county people, who wanted him to be on hand."

J. C. McWhorter moved to Lincoln county from the mountains in order that he might have the advantage of good roads; that he knows what it is to wade through mud every time one went away from home.

At this juncture subscriptions were called for and it kept the secretaries busy getting the names and amounts of the subscribers. He told of the fund to help build a pike which it is so badly needed. Following is a list of those who contributed, and this list will be largely augmented, for each man in the meeting considered himself a committee of one to work for the splendid cause:

When the work of the solicitors is completed it is believed that at least \$6,000 will be pledged. The proposition is to have Road Commissioner Terrell go over the route and see the need of the people and their willingness to aid in lifting themselves out of the mud. It is likely that Mr. Terrell will be at Crab Orchard the latter part of the week, and when he gets there he will be met by an enthusiastic crowd as has been in many a day, we predict. The East Enders have little or no doubt about the success of their enterprise, notwithstanding the fact that Lincoln's fiscal court has decreed that the route by Eubanks is the official one.

Well Loses Fine Lot of Bees.

Among innocent victims of the foot and mouth quarantine which is being so rigidly enforced by federal and state authorities, last week, were the Weils, of Lexington, among the largest cattle buyers and shippers in the south. They had been feeding an exceptionally fine lot of steers at a farm north of the Kentucky river, and last week put them on the cars for the Philadelphia market. They are said to have had them inspected before shipping, but soon after getting into Pennsylvania, another inspector opened up the cars and examined the herd, and claimed to have discovered that a number of them were infected with the dreaded foot and mouth disease. One of the 50 head in the shipment, all but two or three were ordered killed, and Mr. Weil does not know to whom to look for reimbursement. The loss proved to be a heavy one, as the bees were all in fine shape, and would have brought top price.

Want 'Em To Get It Right

E. J. Tanner, of McKinney, gets his name spelled and written incorrectly so often that he has gotten tired of the following printed on it. My name is not E. J. Farmer nor C. J. Tanner nor E. J. Hanna nor D. J. Turner nor E. J. McKinney nor P. J. Danner nor F. M. Ware, but E. J. Tanner. My address is not McKinney nor McHenry nor McKenna nor McKenna, but McKinney. Since giving the cards careful distribution he now occasionally gets his name and address as it should be.

Correction in Jesse D. Wearen's Card

In the card of Jesse D. Wearen, announcing his candidacy for the democratic nomination for Circuit Clerk in Friday's issue, two paragraphs became slightly "balled up," giving different meaning than which Mr. Wearen intended. The two paragraphs of his card, should have read as follows:

"To those that have supported me in my past races, I wish to express my sincere thanks, and I only hope that I have conducted myself as to merit your support again."

To those that have not set fit to support me in the past, I have nothing but kind feelings, and I hope that you may see your way clear to support me in this race, for which I assure you I will be very grateful indeed."

Local State Bank in Good Shape

The union meeting of the Young Peoples societies of Stanford, that was held at the Presbyterian church on Sunday evening at 8:30, was largely attended by members from the societies of the different churches. The meeting was led by Sam J. Embury, Jr., who proved a very excellent leader, having a well prepared program. The subject for evening was "How to Improve the Prayer Meeting." Mrs. Owsley Newland, Mrs. H. D. Phillips and Mrs. J. B. Paxton gave very interesting, as well as benevolent, reports of their societies.

Several other talks given, as to what the Christian Endeavor Societies were doing in the mountains and other places in Kentucky. The musical part of the program was a very pleasing feature of the evening.

The meeting was indeed thoroughly enjoyed by all who were present and it is hoped that there will be many more like this one.

WOMAN SLAYS HUSBAND.

Horrible Tragedy in Mercer County Saturday Night.

John Peavor, a prominent farmer living two miles west of Harrodsburg was shot and instantly killed at 6 o'clock Saturday night by his wife, Laura, after their 15-year-old son, John, had made an ineffectual effort to prevent the tragedy. Immediately afterward Mrs. Peavor called Sheriff J. W. Davenport, of Mercer, and told him what she had done. When the officers arrived Peavor's body was already cold and Mrs. Peavor was in a state bordering on collapse.

Mrs. Peavor refused to make any statement as to the cause of the tragedy, and her son was not thoroughly questioned by the officers, but according to the information the posse gained from the neighbors the Peavor home life has not been happy for some time.

Due to Mrs. Peavor's condition special guard was placed about her quarters in the jail, and will be kept there until she recovers from the shock of her experience.

The Peavors had only two children. Besides the boy and his wife, Peavor is survived by a married daughter, Mrs. Robinson, of Danville, Ill., who has been notified.

McKinney W. C. T. U. Reception

On Wednesday afternoon and evening, February 17th, the Frances S. Willard Memorial Day was celebrated by the McKinney Woman's Christian Temperance Union by the "rendering of a reception to the general public. A house to house invitation was extended, and there was a wide response. Temperance literature and information was given out to every one who called. Refreshments were served and a pleasant time spent. Ten new members were gained, making a total membership of thirty two. The object of the reception was to create interest and sympathy in the W. C. T. U. work; and to gain new members, so it is a grateful satisfaction to know that our efforts were crowned with success.—Miss Maudie Ware, Supt. of Press Department.

Prize Hereford Herd Burns

A large stock barn on W. H. Curtice's Pine Park farm, eight miles north of Shelbyville, burned this week with forty head of registered Hereford cows and heifers of the famous "Red Oak and Perfect" strain. The animals burned comprised the cream of this herd and included among them were many prize winners at international shows, as well as young stock, which was being prepared for the show herd during the coming season. Mr. Curtice is in California, but other Hereford breeders familiar with his herd, estimate the money loss at not less than \$25,000. No insurance was carried on the cattle, and only \$750 on the barn.

LATEST WAR NEWS.

The State Department at Washington was handed the notification of Great Britain and France to neutrals regarding the reprisals to be inaugurated against Germany and her allies, which is considered by American diplomats as the most serious phase of the shipping controversy so far arising. A strong protest immediately is regarded almost certain, and it is stated at the capital that the measures to be inaugurated against Germany are worse than a blockade and calculated to paralyze the commerce of neutral countries.

Premier Asquith in the House of Commons delivered "England's answer to Germany's submarine blockade." If the combined fleets of Great Britain and France can prevent it, no commodities of any kind except those on the seas shall henceforth, until the conclusion of the war, reach or leave the shores of Germany, the Premier asserted. He also touched upon the cost of the war, which he estimated at \$7,500,000 daily to the Allies, and likely to increase.

The attack of the allied fleet on the Dardanelles has been delayed because of unfavorable weather for long range fire and aeroplane observations, according to a statement from the Admiralty. The Paris Temps asserts that an agreement has been reached between France, Great Britain and Russia regarding the future status of the Dardanelles where Russia is to have free passage of the straits.

The Russians have concluded their operations around Przemysl, according to their official report, where they defeated and have thrown back to the frontier "not less than two army corps." The Germans after compelling the retreat of the Russian Tenth army, attempted to join battle with the forces at Miwa, where it is claimed they failed in a driving movement.

Louisville Stock Yards To Be Opened.

Reopening of the Bourbon stock yards next Thursday morning has been recommended to the Bureau of Animal Industry, United States Department of Agriculture, by Dr. U. G. Houck, Dr. A. J. Payne and John W. Newman, chairman of the Kentucky Livestock Sanitary Board. A conference was held Saturday afternoon at which the decision was reached, and the recommendation was made.

Mr. Newman said that the Government officials realize that the cleaning and disinfecting of the Bourbon stockyards has been thorough and that there seems to be no danger, if the necessary care is being taken by shippers and buyers.

Casey Wants State Aid On Roads

Casey county has joined the procession and has applied for State Aid for its roads, according to State Senator Charles F. Montgomery, who was in Stanford Monday. Senator Montgomery said that the Fiscal Court of Casey at a special meeting had appropriated \$8,000 for road work and reconstruction, and would ask a like sum from the State Road Fund. A delegation composed of several officials, including Senator Montgomery, and County Attorney Lige Moore will go to Frankfort today to take up the matter with the State Road department. One of the first pieces of road work which will be done with the fund thus secured, will be complete reconstruction of the pike from Hustonville to Liberty, which is the county seat route from Liberty to Stanford. Mr. Montgomery says that it is the plan of the Casey officials to put this road in first class shape, build a number of badly needed bridges, and in fact, give Casey county better roads than she has ever known before.

BOUNTY ON SCALPS OF HAWKS

Fish and Game Commission Plans To Protect Game Birds In State

Progress and plans in restocking Kentucky with big game and birds, and the streams with fish occupied most of the session of the State Game and Fish Commission at Frankfort this week. Forty-five whitetail deer, thirty-five turkeys, and thirty-five quail were ordered by the commission to be placed in the Bell county and an order has been placed with the Cleveland Cliffs Company of Michigan, for twenty adult deer. In addition to these three deer were presented to the commission from the State of Tennessee, which received them from a friend in New York, have been placed there and three English Fallow deer, a fine species, which thrives in this country will be placed in the preserve soon.

Should the next General Assembly make a closed season on deer for a sufficient period, deer from the preserve will be distributed throughout the State where conditions are favorable.

Restocking the fields with quail is a problem on which the commission is working. Permits have been secured to catch a large number in Alabama and Florida, but arrangements to secure a supply in Mexico were frustrated by the discovery of a disease among them, which resulted in a Government embargo on their importation. The season for transportation from Cuba will close February 28, but the commission has succeeded in getting a contract for fifty pairs.

An experiment is being undertaken with English ringnecks, which will be sent to the Bell county preserve under the care of a gamekeeper. If they thrive, eggs will be distributed over the state. For the protection of the feathery game, bird refuges will be established on each county, and contract forms have been prepared for submission to land owners, who will agree to co-operate with the commission.

War will be waged on destructive hawks, which prey upon game birds, and to this end prizes will be offered in each county for the largest number of scalps of hawks with second and third prizes probable.

The commission also will continue the successful policy of offering rewards for the conviction of game and fish law violators. The policy has resulted in a large number of convictions.

The commission will purchase or lease fish ponds to secure from them fish for the distribution among the streams of the State. The transportation has proven economical and the commission has secured a properly equipped car for the purpose.

Chairman J. G. Sachs of Louisville, Commissioners R. R. Burnam, Richmond, and J. E. Crider, Fredonia were present at the meeting.

In order that all might forget their troubles for the nonce, Vevay, Ind., had what the citizens termed a "smile day." People suspended business and just sat around and smiled and smiled. It was a great day and some of those who enjoyed it most are said to be still smiling. There is nothing so delightful as smiling whether you want to or not, and we imagine those clever Vevay citizens had the time of their lives. "Smile, darn you, smile," is street slang as old as the hills, but as the admonition is given more in jest than earnestness, it is nothing as compared with the decree of the people of the little Hoosier town to "smile and smile all day."

Sarah Bernhardt says she can not live without the theatre. She was told by her physicians that her leg might not have to be amputated if she would lie on a sofa for five or six months. Her answer was: "Work is my life. I rather be mutilated than powerless. I want to work again, thus recovering my gaiety, and I hope to use again all that force of art which keeps me up and will keep me up until I pass to the world beyond the grave." Sarah loves the theatre and great is Sarah loved by the devotees of the theatre.

We speak of Alaska's gold supply but seldom of her fisheries. Last year the sea yielded more than its mines. The former produced over \$23,000,000 and the mines about \$13,000,000. Pretty good from an investment of \$7,200,000—the amount Uncle Sam paid for Alaska less than fifty years ago.

Nearly \$30,000,000 in orders have been placed by the American railroads with makers of equipments during the last thirty days. Besides these big contracts, the Russians and French governments have ordered enough stock from domestic producers to insure activity in locomotive works and car factories for the next six months.

The Louisville woman who wants alimony of \$85 per month and custody of her ten children must already have a pretty good bank account of her own or is probably looking for money from home. Any way 'twill take some tall financing to support the good woman and her ten little ones on the amount she wants from her erring hubby.

Illinois men are evidently too chivalrous to convict women, it matters not with what they are charged. There have been a few straight-up and talks of the fair sex who had killed men in Chicago. It may be, however, that Chicago men need killing, and we suspect that the latter is the case.

Times have changed. Clashes in the U. S. Senate were once followed by coffee and pistols for two but now the Senator leaves a clash for his hotel with high temperature. High temperature—what would John Randolph, Andy Jackson and such sturdy old fellows think of that?

Deafness Cannot Be Cured.
By local applications, as they cannot reach the diseased portion of the ear, there is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by inflammation of the mucous lining of the Eustachian tube. When this tube is inflamed, it is entirely closed, and the sound cannot enter the ear. It is entirely closed, and the sound cannot enter the ear. It is entirely closed, and the sound cannot enter the ear.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

Precocious Girl. This following, sent from Whitesburg, may be true, but it has a slightly fishy ring, notwithstanding: "Miss Grace Newman, age 10 years, daughter of J. H. Newman, of this city, boasts of being the youngest high school graduate in Kentucky. Little Miss Newman passed the high school examination a few days ago, receiving her diploma, and her grade was among the highest in Letcher county. She is unusually small for her age."

SEE IF THE CHILD'S TONGUE IS COATED

Mother! Don't Hesitate! If Cross, Feverish, Constipated, Give "California Syrup of Figs"

Look at the tongue, mother! If coated, it is a sure sign that your little one's stomach, liver and bowels need a gentle thorough cleansing at once.

When peevish, cross, listless, pale, doesn't sleep, doesn't eat or act naturally, or is feverish, stomach sour, breath bad; has stomach-ache, sore throat, diarrhoea, full of cold, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul, constipated waste, undigested food and sour bile gently moves out of its little bowels without griping, and you have a well, playful child again.

You needn't coax sick children to take this harmless "fruit laxative," they love its delicious taste, and it always makes them feel splendid.

Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has directions for babies, children of all ages and for grown-ups plainly on the bottle. Be sure you get the genuine, ask to see that it is made by "California Fig Syrup Company." Refuse any other kind with contempt. 18-1

Delicate Children usually only need a food tonic to make them strong and healthy.

Rexall Olive Oil Emulsion is not only the best food tonic but is pleasant to take. Sold only by us. Penny's Drug Store.

Obituary.

On Tuesday morning, January 19, Little James McCarty, son of W. R. McCarty, died at the home in Stanford, Ky., of tuberculosis of the bone.

Little James would have been ten years of age, had he lived until the 12th day of May; and six years at that time he had been an intense sufferer of that dreadful disease. He has undergone several operations and his little life has hung in the balance a great many times until at last God was ready to take him to his eternal Home, where there is no sickness, sorrow or death.

After funeral services at the home his body was laid to rest in the Lancaster Cemetery to await the resurrection morn.

His mother, who was Miss Mary Underwood, before her marriage, died when little James was less than two years of age, so he never knew the love of a real mother; but the devotedness of the dear father, sister, brother, neighbor and friends seemed to have been showered down upon the little invalid in double portion, for they tried to ease his every pain, grant his every wish, lighten his every burden, and give him every earthly comfort.

We will miss him Oh! so sadly! God gave us "the little flower, bud on earth to blossom in Heaven." Dear Little James, we miss you so!

All through the day, wherever we go,

For no little James to wake us out of our dreams,

We miss you all through the weary hours,

We miss you as others miss sunshine and flowers,

Daytime or nighttime, wherever we go,

Dear little James, we miss you so!

Dear little James, when the Master shall call,

We'll welcome the summons that comes to all.

When our feet touch the water so dark and so cold,

And we catch the first glimpse of the city of gold.

If we keep our eyes fixed on the heavenly gate,

Over the hide where the white-robed ones wait,

Shall we know you we wonder, amid the sweet strains?

Beckoning us over, Oh dear little James? A FRIEND.

"I Don't Feel Good"

That is what a lot of people tell us. Usually their bowels only need cleansing.

Rexall Orderlies will do the trick and make you feel fine.

We know this positively. Take one tonight. Sold only by us, 10 cents. Penny's Drug Store.

SEVERE PUNISHMENT

Of Mrs. Chappell, of Five Years

Standing, Relieved by Cardui.

Mt. Airy, N. C.—Mrs. Sarah M. Chappell of this town, says: "I suffered for five years with womanly troubles, also stomach troubles, and my punishment was more than any one could tell."

I tried most every kind of medicine, but none did me any good.

I read one day about Cardui, the woman's tonic, and I decided to try it. I had not taken but about six bottles until I was almost cured. It did me more good than all the other medicines I had tried, put together.

My friends began asking me why I looked so well, and I told them about Cardui. Several are now taking it."

Do you, lady reader, suffer from any of the ailments due to womanly trouble, such as headache, backache, sideache, sleeplessness, and that everlastingly tired feeling?

I so, let us urge you to give Cardui a trial. We feel confident it will help you, just as it has a million other women in the past half century.

Begin taking Cardui to-day. You won't regret it. All druggists.

INDIGESTION ENDED, STOMACH FEELS FINE

Time "Pape's Diapepsin" In Five
Minutes all Sourness, Gas, Heart-
burn and Dyspepsia is Gone

Sour, gassy, upset stomach, indiges-
tion, heartburn, dyspepsia; when the
food you eat ferments into gases and
stubborn lumps; your head aches and
you feel sick and miserable, that's
when you realize the magic in Pape's
Diapepsin. It makes all stomach mis-
ery vanish in five minutes.

If your stomach is in a continuous
revolt—if you can't get it regulated,
please, for your sake, try Pape's Dia-
pepsin. It's so needless to have a bad
stomach—make your next meal a
favorite food meal, then take a little
Diapepsin. There will not be any dis-
tress—eat without fear. It's because
Pape's Diapepsin "really does" regu-
late weak, out-of-order stomachs that
gives it its millions of sales annually.
Get a large fifty-cent case of
Pape's Diapepsin from any drug
store. It is the quickest, surest stom-
ach relief and cure known. It acts al-
most like magic—it is a scientific,
harmless and pleasant stomach pre-
paration which truly belongs in every
home.

2 Drops of "GETS-IT," Out Comes the Corn!

It's the World's Wonder; Never Fails.

You'll make goo-goo eyes at your feet,
after you use "GETS-IT" and you'll find
the places where those blumpy corns
used to be, just as smooth as your cheek.

"How Wide is a 'GETS-IT' Smile? Well, a
Good Deal Over 2 Feet!"

There's no corn or callus among the
millions of feet in the world that "GETS-
IT" will not remove—there's no escape.
"GETS-IT" is the new way, the simple,
common-sense, sure way. It does away
with greasy ointments, salves, pads, cot-
ton rings, harnesses, knives, scissors,
razors, files, and the limping and the
painful plover-like walk of so many corn-
plagued people. All you do is put 2 drops
of "GETS-IT" on the corn and it's up-
and gone. Nothing else in the world
like "GETS-IT." Millions are using it.
There's no pain, no trouble, no changing
shoes because of corns.

"GETS-IT" is sold by druggists every-
where. 25c a bottle, or sent direct by E.

Mistaken Diagnosis—Doctors Guess
Wrong Again

About five years ago, I wrote to
you that I had been a terrible suffer-
er from kidney and bladder troubles,
and that my physician informed me
that my left kidney was in such con-
dition that there was no hope for my
recovery. I was advised to try your
Swamp-Root as a last resort, and af-
ter taking four fifty-cent size bot-
tles, I passed a gravel stone which
weighed ten grains. I afterwards for-
warded you this stone. Have had no
return of any trouble since that
time and cannot say too much in fa-
vor of your wonderful preparation,
Swamp-Root, which cures, after phy-
sician fail.

Very truly yours,

The Best Women's Suits You Ever Saw at moderate prices—Wooltex, of course

BY special co-operation with the manufacturers of Wooltex
tailored garments we have been able to assemble this
remarkable collection. The models are wonderfully
handsome, and in great variety. The materials are the popular
gabardines, serges, poplins, coverts and checks.
The illustration shows just four of the many superb designs.

When you consider that every material is
absolutely all wool; that every fabric has been
selected because of its superior qualities, and its
correctness of style—

When you examine the linings of the garments
and realize that every piece of silk is pure silk—

When you see how beautifully the garments
are made, and are shown with what care and
thoroughness every seam is run, and every vital
point of tailoring is executed—

When you try on the garments and see how
they conform to the figure, and how soft and
elegant they feel—

When you realize the beautiful lines are not
bolstered up by stiff canvas, but are tailored into
a form which will retain its shapeliness during
the life of the garment—

You will be amazed that garments of such
elegance, refinement and general superiority can
be bought for such reasonable prices as are
marked on them.

Descriptions of the Suits Illustrated

The suit at the left of the picture, No. 1709, is
adapted from a Paquin model. The effective
pocket flaps are set on diagonally and outlined
by closely-set buttons. The rolling collar is

finished with tabs that button down on the jacket;
slightly diagonal front. New circular skirt, with
partial over-yoke, trimmed with buttons like
the jacket.

The second figure, No. 1710, illustrates a suit
adapted from a recent Doucet model. A charming
effect is produced by the slash at each side of the
coat, finished with buttons and buttonholes. The
partial belt from side to side across the back holds
in the fulness. Officer's collar overlaid with
detachable washable collar.

No. 1711 is a charming suit in youthful effect
with a panel back, which extends below the line
of the coat at sides and in front. The partial belt
around the back and sides ends at the panel in
front. The skirt flares moderately below the yoke.
The materials are serge, box poplin, and black
and white checks.

Suit No. 1720 at the right is in a smart Polo
effect, well cut on plain lines, with moderate
fulness; finished with smart pockets on both
jacket and skirt. Made in checks, poplin and
covert cloth.

Many other Wooltex models at \$25.00 to \$30.00
combine variety and excellence that are absolutely
unequaled in this city. But you must see them
personally to appreciate fully their extraordinary
value.

When may we have the pleasure of showing
them to you?

Farm and Stock News

H. C. Baughman, cashier of the First National Bank, sold a pair of mules to Claude Hester for \$300.

W. R. Gaines, recently sold to John Spoonamore, a four-year-old walking mare for \$125.

George F. Anderson, of Boyle, sold to a Tennessee party a pair of fine mares for \$500.

H. W. Turpin bought in Pulaski county, 27 head of shipping cattle at seven cents, says the Journal.

W. A. Brent sold to W. O. Walker 50 barrels of corn last week at \$2.50 a barrel. It was slightly damaged.

Thomas Bass, of Mexico, Mo., sold to Thomas Denison, of Omaha, Neb., a chestnut stallion, "Underlight Grand," for \$1,000.

Yowell & Eads, of the West End, bought of C. M. Back, a 1,655-pound Polled Angus bull for \$101.75.

Wm R. Gaines, of Crab Orchard, sold a pair of mules to Gus Giesz last week for \$225. One was a four-year-old and the other an aged hybrid.

John B. Anderson, near Preachersville, sold to T. W. Jones, of Stanford, last week a bunch of 20 heifers at \$6 a hundred. They weighed an average of 605 pounds.

John Lutes bought of John and Walter McKinney, a car-load of 725-pound heifers at \$6.60. He shipped them to Cincinnati Saturday.

Kinnaird Bourne, of Garrard, bought a nice pair of coming three-year-old mares from W. L. Dunigan, of the Hubble section, last week, for which he paid \$330.

At N. B. Graves sale in Scott county, sows sold at \$29 to \$66, calves \$31 to \$32.50, long yearling steers \$33.50 to \$37.50, corn brought \$4.35 to \$4.50, hay \$20 per ton.

Charles Oatts, of the McKinney section, bought of E. J. Tanner a bunch of 90-pound hogs at six cents, and of John Robinson, of Boyle, a pair of mules for \$375.

J. H. Baughman, near Shelby City, bought of Henry Baughman and Ike Phillips, on the Crab Orchard pike, a bunch of steers that weighed an average of 110 pounds at six cents a pound. Mr. Baughman will feed them on his Boyle county farm.

C. J. Sipple, of London, was in Stanford Friday afternoon en route to Danville with three mules which he bought in Laurel county for Fox & Farris, the war mule men. He says the mule market is opening up in his section now and that these buyers will be in London next court day to secure some hybrids.

Horses were in demand at the Terry sale in Harrison county last week. They brought from \$100 to \$400. A young jack brought \$400 and a saddle stallion \$218. Jennets sold at \$50 to \$302. Polled Angus heifers \$70 to \$90. Corn sold at \$4.30 to \$4.85. The same brought \$159.60 per acre and another farm of 250 acres sold at \$60.

Maurice Weil, the young buyer for the big cattle dealing firm of Weil & Son of Lexington, was here late last week, and bought 70 head of fat steers from O. L. & T. W. Jones, who have been feeding them at their farm south of Stanford. Dr. H. L. Casey, of Danville, assistant state veterinarian, came over from Danville, and inspected these steers in accordance with the federal law. He found that there is no infection of the foot and mouth disease among them. He found them in prime condition and they were put on the cars at Rowland for shipment direct to the eastern market.

NOTICE TO STOCK MEN

I have received the following instructions:

Quarantine Order No. 28 Issued by State Live Stock Sanitary Board of Kentucky, Feb. 18, 1915.

At second outbreak of the disease commonly known as foot and mouth disease has occurred in the State of Kentucky, and now exists in at least two counties, and probably more, and these counties are in quarantine. Certain portions of twenty other states and territories are or have been visited by this plague. It is impossible to know accurately the centers of infection in the state in which this outbreak occurred, and it is impossible to tell at what time the states that are now free may have an outbreak of this disease; and therefore in order to protect the animal industry of Kentucky.

IT IS ORDERED by the State Live Stock Sanitary Board of Kentucky that no cattle, sheep, or other ruminants, or swine intended for stocker, feeder or breeding purposes shall be brought into the State of Kentucky from any state in which this disease has existed, or in which it exists at the present time, and this order shall be applicable to any state in which an outbreak may hereafter occur when the fact becomes known and is certified to by the Bureau of Animal Industry at Washington.

IT IS FURTHER ORDERED that no sales shall occur in public market places, or upon the streets in any city or place in the State of Kentucky of any stocker, feeder or breeding cattle, sheep, or other ruminants or swine. This order is issued to cover in particular what is known as "court day sales" in this Commonwealth, and shall not apply to private sales in free territory.

IT IS FURTHER ORDERED that no cattle, sheep, or other ruminants or swine, intended for stocker, feeder or breeding purposes, shall be shipped into Kentucky from any state or territory in which no outbreak of this disease has occurred, unless said shipment shall be unloaded in the presence of, and be inspected by a State, County, State or Federal Inspector, and no movement of above named animal shall occur from one county to another in this Commonwealth unless the animals are examined and certified to by a County, State or Federal Inspector in the county in which they originate, and the same movement of animals be inspected and certified to by a County, State or Federal Inspector in the county which is the destination of said movement.

This order shall in no wise supersede or cancel Quarantine Order No. 27 heretofore issued, which places certain counties and parts of counties in CLOSED and M.O. areas.

Effective from and after midnight February 18, 1915.

All persons and common carriers will be governed accordingly. J. W. NEWMAN, Chairman, State Live Stock Sanitary Board of Kentucky. S. F. MUSSELMAN, State Veterinarian. A. T. NUNNELLEY, Live Stock Inspector, Lincoln County. 16-2

Recommends Chamberlain's Cough Remedy.

"I take pleasure in recommending Chamberlain's Cough Remedy to my customers because I have confidence in it. I find that they are pleased with it and call for it when again in need of such a medicine," writes J. W. Sexson, Monteville, Mo. For sale by all dealers.

CANDIDATE FOR SECRETARY OF STATE

G. B. LIKENS

TO THE VOTERS OF KENTUCKY—I am a candidate for Secretary of State, subject to the will of the Democratic party to be expressed in the primary election Aug. 7, 1915. My party loyalty, my availability as a candidate, my conduct as a private citizen and my record as a public official are respectfully submitted for investigation and consideration. For more than three years I have served you as Assistant Auditor, and while the office is not an elective one, the duties are important and exacting. These I have honestly endeavored to discharge properly and efficiently. My experience, I feel, has especially equipped me to fill the office to which I now aspire. If nominated and elected as your Secretary of State, all the energy and ability which I have shall be earnestly devoted to the business of that department. No duty will be too arduous for me to perform faithfully, and none will be considered too trivial to receive careful and prompt attention. Feeling very grateful for the assurances of support already received, and soliciting the votes and influence of all I am,

Sincerely yours,
G. B. LIKENS.

Heard About Town

Let the I. J. do your job printing.

A handsome little son arrived at the home of John M. Carter, of Turnersville, Friday night. No name good enough for the youngster has been found by the fond parents, but they will likely call him John Jr.

Claud Johnston, of Ponca City, Okla., is mingling among his friends in the West End. He likes his Western home, but says he finds great pleasure in coming back to Lincoln and shaking hands with the friends of his younger days.

Bowman Owens, of McKinney, had the thumb and index finger of his right hand badly cut while working on a railroad velocipede Saturday morning. He was filling Ec Yocum's place as electrical inspector for the C. & C., when the painful accident occurred.

Mr. and Mrs. W. M. Mahan, of Lancaster, took the train here Saturday for Louisville, where they went to take the three children of Henry Kidd, of Goshen to the Kentucky Orphan Home. Kidd was not able to take the care of the children that he should and consented to let them be taken where better attention could be shown them.

Hon. John W. Rawlings, of Danville, who is mentioned as a probable candidate for the democratic nomination for Attorney General, was here in court several days last week. Mr. Rawlings says that he will very probably announce his candidacy soon, and will make an active canvass. He has many warm friends in this section, who will work hard for his success.

State Senator Charles F. Montgomery and Postmaster Pat Whipp, of Liberty, were in Stanford, Monday for a short time on business. Mr. Whipp rented his nice cottage home on Lancaster street to E. C. Walton, who will move there with his family. This week Senator Montgomery has many friends here also. He made a splendid record in the last legislature, and will do the same when he goes back next January for the second part of his term.

Optimistic Over Horse Outlook

James Houchin, of Jefferson City, Mo., well known to our readers as the owner of Astral King, in speaking, last week, of the horse outlook, said, "I think the future looks very bright for the horse industry. I have never received as many inquiries in my life as I am receiving at the present time."—Farmers' Home Journal.

Elijah C. Coffey, aged 71, is dead at Oil Valley, Wayne county. Mrs. Zella Thomas, aged 80, is dead at Mill Springs, same county.

Fine Stallion at Public Sale

We will offer at sale at 2 o'clock P. M., Monday, at Nunneley's stock yards in Stanford, Red Walker, a registered chestnut stallion, with two white feet. He is broke and ready for service. LUSK & STRADER, Hustonville, Ky. 18-2

Notice to Road Overseers

Moved and seconded that only one team per day be paid for by the county on any one county or dirt road. Same to be paid for not exceeding the number of days the hands allotted to the road, are warned out and work on the road. The pay per day for team and hand to be \$2, the hands over 21 years to be allowed sixty (60) cents per day, not exceeding three days. Motion carried.

It is further ordered that all work must be done on said roads and claims for their services filed with the clerk on or before July 1, 1915, otherwise no pay will be allowed for any work done.

The clerk is directed to publish this order in the Interior Journal in two issues of same.
